I've said my prayers. I've kissed my fiancé. I've had family going back to the revolution fight for this country. I have a debt and obligation to fight for what so many died for. I'm fully prepared to not come back from this trip. This is for the good of America. God Bless you all, God bless America (media.patriots.win)

62 Everyone should leave with these thoughts in their minds and actions. You come prepared to lay it all on the line. I'll be there brother.

18 This has 956 upvotes and 47 comments. If we are going to have the numbers we need, this needs to have 20,000 upvotes and thousands of comments.

If 10,000 show up in DC, we have a photo op.

If 100,000 show up in DC, we have a protest.

If 1,000,000 show up in DC and DO NOT LEAVE and peacefully block the streets and stop the city in its tracks, we have a revolution.

▼ Patriotsw and UE Loyalists in my family stood on principles and morality as they saw it. Many died - men, children, women. Families decimated.
They died for us, in the example of Jesus Christ.
WE OWE THEM EVERYTHING.

▼ I think there is a risk of violence. The risk of death is minimal. Remember, GEOTUS himself invited the American People. He's going to ensure their protection

Jesus Christ, for the last time, Trump is never going to give you the command you so desperately seek. Do it or don't.

Yep. All the people looking for permission are the same people that have never been in a fight they couldn't yell "STOP OR I'M TELLING MOM!"

Be a good, kind, stable man.

Who happens to be better at violence than those who make clear they mean you harm.

He would not need to give an order, should such a need arise. All he would have to do is be silent.

6 You haven't been paying attention? To Bevelyn? The Proud Boys? Mr Dorn? Or the 200+ who were murdered over the summer during the riots? Not to mention those who were gravely injured. Those who have been attacked for the last 4 fucking years unprovoked. Are you showing up in DC?

▼ permalink parent save report block reply

▲ **DEPORT_DOOMERS** 1 months ago +2 / -1

1 You're talking this up like people are going overseas. The majority of people who have been killed have been cold blood murders, not via fighting in riots which makes your point irrelevant. And I live in DC area numbnuts, BTFO
